<u>Exercise:</u>

Diversity of Real-World Interaction
Subjects & Objects we interact within an Environment

Please identify real-world subjects and objects (e.g. taxi driver, a door handle, garment) that you have interacted with since you woke up this morning (omit details you don't want to share). Describe the interaction or the task.

Classify them into the following categories:

- H: <u>human</u> being
- C: interactive <u>computing device</u> (e.g. PC, PDA)
- E: device that incorporates computing/complex <u>electronics</u> (e.g. mobile phone, TV)
- P: device that is <u>powered</u> by battery or mains (light, coffee maker)
- O: <u>other</u> objects (chair, flower pot)

Subject/Object	*Category*	*Interaction/Task*
Alarm Clock	P	Pressing a button, switching of the sound
